Statement

Thank you for purchasing Saramonic!

Please read this manual carefully before using and strictly operate and store in accordance with the instructions. Please save it for future reference.
If the user manual can not help you to solve problems, please ask your retailer for further assistance or email us: **info@saramonic.com**.

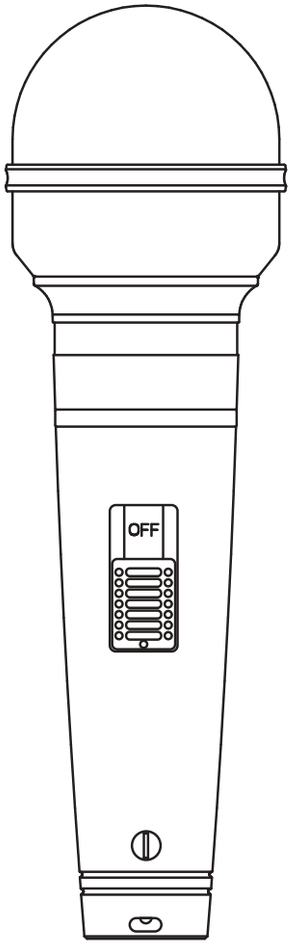
Tips and Notes

1. Please keep the microphone away from dust and water.
2. Please do not replace any components inside the microphone on your own.
3. Please keep it away from children and pets.
4. Avoid any liquid into the unit.
5. Only use a soft, dry cloth to clean the product.

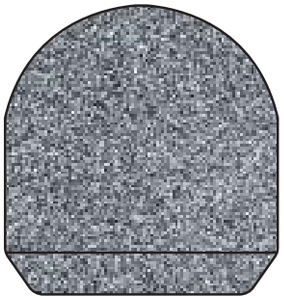
Introduction

The SR-MV58 is a cardioid dynamic vocal handheld microphone. It's your ideal choice for capturing vocal and speech performance in applications like live shows, theaters, rehearsals, meetings, etc.
Compact design allows easy assembling on any device with a 6.35mm mic jack. With cardioid polar pattern, it is focused on picking up sound in front of the microphone and effectively reduces unwanted background noise. In addition, a microphone clip, XLR cable and foam windshield are included.

Package Contents

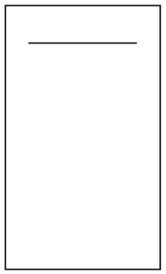


Cardioid Dynamic Microphone



Foam Windshield

Zip Pouch



Warranty Card
